ABOUT ME

Detail-oriented Electronics & Communication Engineering student with knowledge of Full Stack Development, including Java, SQL, HTML, CSS, JavaScript, along with IoT and AI/ML fundamentals. Passionate about technology and continuous learning, seeking an opportunity to apply skills and gain practical industry experience.

PROJECTS AND INTERSHIPS

Liver Cancer Detection Using Convolutional Neural Network Based on Deep Learning Framework -- Python

Liver cancer detection from CT scans is difficult and time-consuming, so a Hybridized Fully Convolutional Neural Network (HFCNN) is proposed for automatic liver tumor segmentation. It uses advanced CNN features to accurately identify cancerous regions, visualize important areas with heat maps, and support faster, reliable diagnosis and treatment planning.

Gas Leakage Detector- Arduino & MQ-4 Sensor

Designed and implemented a real-time gas leakage detection system using Arduino Uno and MQ-4 sensor module. Integrated buzzer and LED indicators for automated alert mechanisms and calibrated sensor response for accurate gas concentration detection. Developed a cost-effective embedded prototype ensuring reliable home and industrial safety monitoring.

React Native Bodha IAS Mobile Application UI Development

Designed and developed the **Login Page**, **Menu Section**, **Logout Page**, and **Terms & Conditions Page** for the **Bodha IAS App** using **React Native**.

Frontend Web Development - Restaurant Menu Website

Designed and developed a static restaurant website using HTML and CSS to showcase food categories and menu items. Implemented structured layouts, clean UI design, and basic navigation for improved user experience.

Bank Management System using Python

Built a Bank Management System in Python to manage customer accounts, deposits, withdrawals, and balance checking using OOP concepts and file handling.

EDUCATION

B.TECH - Electronics and Communication Engineering | Chadalawada Ramanamma Engineering College , Tirupati

CGPA: 7.69/10 | 2023 - 2026

DIPLOMA - Electronics and Communication Engineering | Govt Polytechnic Chandragiri , Tirupati

Percentage: 69.9% | 2020 - 2023

SSC - S.P.Z.P.G.H School, Chandragiri , Tirupati

Percentage: 98.9% | 2020

SKILL

• JAVA

• CSS

• PYTHON

• JAVA SCRIPT

• HTML

• MY SQL(sequel)
